Goldzone Leadership Center

➤ SEMINAR LEADER

Andrew John Harrison (Harrison) is chairman and business leadership architect of Goldzone Corporation, the world leader in leadership development, services and solutions that help people and businesses realize their full potential. Goldzone currently has offices in New York, London, Singapore, Sydney, Perth, Melbourne and Kuala Lumpur.

Mr. Harrison, Co-founder and Chairman of The Goldzone Organisation

After two years overseeing the start up, capitalization and growth of Goldzone as CEO, Harrison transitioned to focus exclusively on leading the board of directors as chairman. His vision, passion and commitment to extraordinary standards of service and excellence have become hallmarks of his tenure and defining characteristics of Goldzone.

With an extensive track record of dramatically transforming overall results of high net-worth individuals and corporations, he has personally advised over 250 entrepreneurs and investors on a wide range of strategic business dynamics including; leadership development, personal paradigms, information technology, raising capital, expansion, systems, marketing and human resources.

Over an eleven year period, Harrison has met and hired many well-known leaders and developed a corporate client list that reads like a “whose who” of business, including many of the worlds top companies such as Bank of America, Bank of Tokyo, British Petroleum, Canon, Citibank, Compaq Computer, DHL, Hewlett Packard, Microsoft, Siemens, Sony, The Body Shop, Mobil, L’Oreal Cosmetics, Singapore Airlines, Qantas, Malaysian Airlines, Motorola, AIA, Petronas, Prudential Assurance, etc.

When Harrison speaks, people listen. A riveting, memorable public speaker and master communicator, Harrison has designed, produced and presented over 300 seminars, talks and engagements with live audiences up to 5,000.

Under Harrison’s leadership, Goldzone’s mission is to continually advance and improve new-paradigm leadership technology, and to inspire, educate and support people to step into leadership based on partnership, cooperation and team. The company is committed to a long-term view, reflected in its substantial investment in custom-built, dedicated training facilities and ongoing research and development.

➤ METHODOLOGY

We are in the MTV and video game generation. Today's seminars need to entertain, educate and inspire. This Seminar is delivered using proprietary Zone Learning™ methodology (in a custom-built, high-tech training environment) that involves all senses in the learning experience. Including dynamic presentation, case studies and exercises... you will learn more in less time and won't forget it.

“ A Breakthrough Technology is now available to provide a framework, tool and map for Optimizing Human Performance, Relationships, Business and Organizations ”

“ The Most Important Skill of Leadership is the Knowledge of & Communication with People ”

➤ CLIENT SOLUTIONS

The Goldzone Leadership Curriculum solves the most common challenges of Leaders, Managers, Professionals, Executives and High-performance Individuals.

Using the revolutionary New-Paradigm Leadership Model, participants discover more effective tools, strategies and methods than the old style/traditional leadership model of dominance, command and control. High stress and sacrificing one area of life for another is replaced with health, work/life balance and optimum personal performance.

The Curriculum was developed from a holistic view of a person's life including; relationships, health, career, self-expression, wealth, leadership, business and when a problem occurs in one area of life – *it impacts all areas.*

Leadership Curriculum

Goldzone's foundation curriculum including 4 programs ranging from a 1/2-Day Seminar to a year-long Leaders' Academy.

- 1/2-Day Seminar
- 3-Day Experience
- 7-Day Week
- 12-Month Leaders' Academy

Advanced Graduate Curriculum

For high-performance individuals looking for fast-track solutions in the areas of relationships, health, wealth, business and leadership. Includes 23 advanced programs ranging from three-days to weeklong vacation-seminars conducted in some of the world's most spectacular resorts and retreats. Email, phone and one-on-one coaching are also available.

Corporation Transformation

Offering a fast-track solution to the most common challenges facing businesses, organizations, teams and individual performance. In addition to our public curriculum of programs, organizations can pick-and-choose from a menu of 27 training modules to create a totally customized curriculum that combines the world's most advanced personal development modules with professional, communications and skills development modules.

Consulting and Coaching services are available for teams, individuals and executives to support with implementation and performance enhancement.

- Corporate Reinvention
- Marketing Innovation
- Executive Coaching
- Executive Retreats
- Modular Leadership Curriculum

➤ GOLDZONE CORPORATION

Established in 2003, the **Goldzone Organization** researches, develops and produces leading-edge educational programs and services for new-paradigm leaders, organizations, professionals and high-performance individuals.

Goldzone's curriculum of programs and services utilize revolutionary technologies that guarantee an immediate and significant improvement in results.

Based on more than 30 years of extensive international research, development and exploration including travel to 40 countries, producing over 200 seminars and working with more than 40,000 individuals and organizations, the founders have identified the critical success factors that enable some people to be more successful financially, mentally, emotionally and physically than others.

“We deliver this information - as a system - with the promise of lasting, life-long change.”

Goldzone's programs are able to produce dramatic changes in peoples' lives because of our revolutionary technologies and high-performance teaching and coaching methods. Seminar Instructors are charismatic and inspirational. They are accomplished, fully qualified, have "earned the right to teach," and have mastered the main sustaining principles of the subject being taught. Participants see, feel and experientially are "touched" so that the lessons are gained emotionally as well as mentally.

Learning environments are carefully sculpted to include music, multimedia, movement and "real to life" exercises and simulations that deliver more information in less time and are able to produce dramatic changes in peoples' behaviors and results.

Fun. Entertaining. Fast. Memorable. Leading-edge.
